88 are nearby.

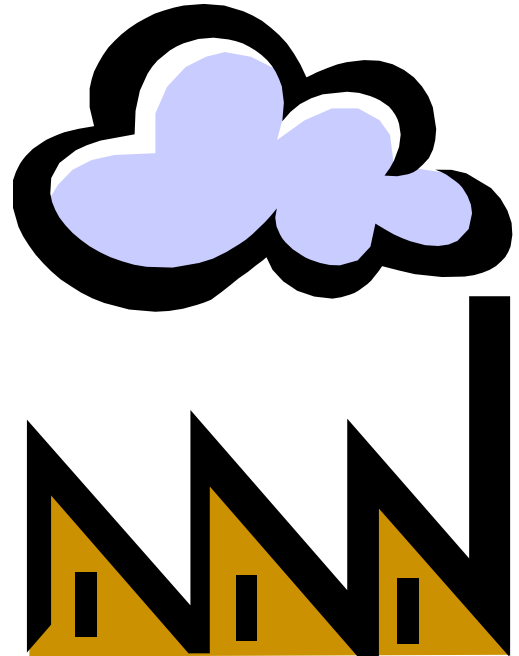

Bike racks are located
outside.

LOCATION:

MetroCenter Auditorium

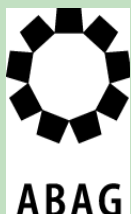

101 8th Street

Oakland, CA

Ozone Working Group

Working together to reduce ground-level ozone in the Bay Area

BAAQMD, in cooperation with MTC and ABAG, have been working on the region's strategies for attaining and maintaining the national and California health-based 1-hour ozone standards.

We invite all interested individuals and organizations to join the Ozone Working Group (OWG). The OWG meets approximately every other month to discuss and provide input on different elements of this regional planning process.

At the May 20th OWG meeting, we will continue our discussion of draft control measure descriptions and other ozone planning topics.

Meeting agenda and materials will be available at our website one week before the meeting.

Please visit our website at http://www.baaqmd.gov/pln/plans/ozone/2003_workgroup/index.asp

For further information contact: Henry Hilken, BAAQMD,
